Dish racks and dish drainers

● Plastic Dish drainer

- These dish drainers are made of best ABS plastic material with an amazing design. The dish stand wires are made of best quality plated metal.
- 360 degree rotating of water spout helps the water to flow directly to the sink in any directions.
- Large space for various size of dishes, cups, bottles, and bowls.
- Spoon holder can be installed on the upper, lower, left and right sides of the dish rack.

● Aluminum Dish drainer

- Removable draining tray allows easy removal of excess water and cleaning. Also there are 3 mini legs beneath the tray to make a gently slope to make the excess water exit from two different ways.
- High quality aluminum, No rust anymore
- Flat place to accommodate glasses or mugs
- Removable utensil holder makes it more flexible
- Stainless steel screws which are built-in not to be visible

Wooden Kitchenware and Tableware

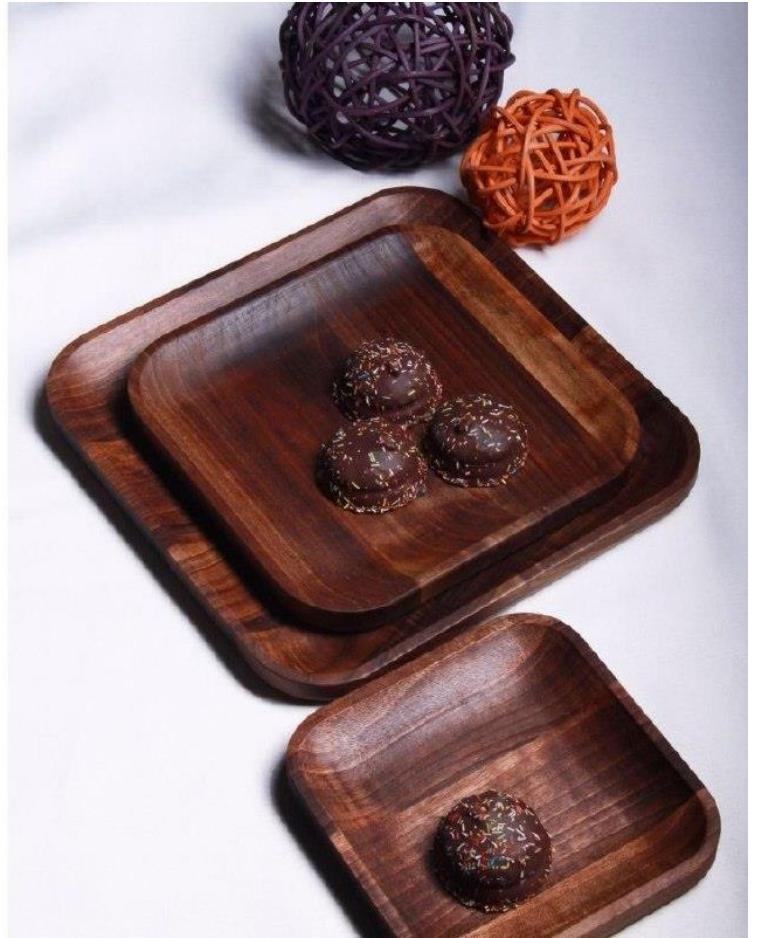

The wooden kitchenware and table ware of this group are made of best quality natural woods which are processed properly before cutting and turnery. Using natural coating is another advantage which makes it single in kind since its not harmful for health. High water resistance makes them washable. Although it is advised to dry them after washing and also rub them with a natural oil like olive or cotton sid oil once in a while.
